Dear All,

Whilst the use of VEO has proven to be a valuable tool at many levels of football, please be reminded that Bar TV is our broadcast partner and have priority for NPL Mens & Womens first grade and NPL Mens reserve grade.

As such for matches in these leagues, VEO camera must not be set up at any point in between the camera position and the field of play. Should you wish to record these matches on VEO, the camera must be set up either behind the Bar TV camera position or on the opposite side of the field.

Please also ensure that you VEO cameras are firmly secured.

Clubs are also reminded that all head coaches of these leagues have access to the online grover platform, which provided pre cut and edited footage of all key action in matches. If your coach does not have access to this, then please let us know so we can arrange it.

Kind regards,

Liam Bentley
