Dear All,

I am writing to confirm the implementation date and process for the use of Squadi for online team sheets.

It is our intention to start using online team sheets on the weekend of 21st -23rd April.

Prior to the introduction of online team sheets, NNSWF will be producing a number of explainer videos, producing an online campaign to communicate to the wider public, and online help sessions in the week leading up to the first weekend of use.

NNSWF are also exploring having a helpline on those first weekends to help with any unforeseen issues.

We understand that until these are implemented that youth scores won't be able to be posted immediately, however, if clubs could send through match sheets as soon as possible after the match – we will endeavour to get the results up by Sunday night in the meantime.

We appreciate your patience during this implementation process, NNSWF are committed to ensuring that the system is working at it's optimum level for your volunteers experience and that we are able to provide you the service and support in the transition.

Kind regards,

Liam Bentley
General Manager Football Operations
