Action	Ensure all players are registered for PYL	31 <sup>st</sup> January 2025	Jason Avery	1

As we get towards the start of our pre-season cup this weekend, I wanted to take the opportunity to remind everyone of their obligations relating to player registrations.

As per the National Registration Regulations and the Premier Competitions Regulations – all players must be registered and made active by the time they take part in a competition match, including the pre-season competition.

I understand with the transition to the new PlayFootball system that there are different steps in place to make a player active, specifically the requirement to pay the governing body fees before they are made active. However, this needs to be done before any of your players play this weekend.

Players will only be able to be selected on your team sheet on Squadi if they have been made active on PlayFootball.

Please reach out to your registrars and team managers to ensure they are on track, so we can provide any support that's needed. If you are having any major issues please get in touch with Jason, who can provide support for both PlayFootball and Squadi.

Kind regards,

Liam Bentley
