Northern NSW can confirm that in line with Rule 9.3, the Mid-Season Player Roster Transfer Window will open at 9am on Monday 12th May, please note the following key information prior to the window opening:

- All clubs are required to submit an updated player roster by the closing date.
- Clubs are permitted to make an unlimited number of changes to their player roster.
- Whilst the window does not fall on a weekend, we do have a significant number of matches midweek, and as such – for any player to be eligible to play in a midweek fixture prior to the window closing, the updated roster must be submitted by 12pm on the day of the match.
- Whilst the player roster submission is required, players must also be registered with the club and made active in PlayFootball to be considered eligible.
- Any player over the age of 20 (i.e. turning 21 in 2025) must be included in this registration window to be eligible to play for the remainder of the season.
- If a player deregisters from a club during the window with the intention of being added to a different clubs player roster and the previous club does not accept his deregistration prior to the close of the window, provided the player is included on the roster – that player will be eligible to play only when the 7 days has lapsed and the player is registered and made active.
- Clubs are limited to a maximum of 3 players who have registered with an A-League Club, for A-League Competitions, in season 24/25.
- Northern NSW Football will publish the completed and updated rosters prior to 5pm next Friday.

If you have any questions on the points value of any players, please direct contact Thom who will be able to assist.

If you would like a copy of your current roster, Thom can also provide that.
