Dear all,

Thank you everyone again for working with us, and each other to get as many games played as possible before the end of Phase 1.

It does look like we will be unlikely to complete all matches for PYL Phase one prior to creating the divisions, and the fixture, for Phase 2. We still have a number of fixtures to play and we hope as many of these get completed by Sunday 8th June.

I can confirm that we will be utilising the Points Per Game method of deciding final league standings for all matches completed on or before Sunday 8th June, should all games not be completed by then.

In the interests of transparency, and to assist clubs, we have added a new 'PPG' column to the Club Championship tables on the NNSWF website. These tables are live and are updated as soon as results are entered. Each column on the table, including the PPG column, can be used to sort to show the table by PPG. The tables can be found on the Premier Youth League section of the website but I have also included them for you below:

[Division 1 Club Championship](#)

[Division 2 Club Championship](#)

If you have any questions please don't hesitate to reach to the Football Operations Team

Regards,

Liam Bentley
