Dear All,

NNSWF is seeking your feedback on our **Rules and Regulations** ahead of our annual review process. Please consider if there are any rules or regulations contained in our key documents which your club considers:

- Could be improved;
- Should be changed;
- Have been or have the ability to be exploited;
- Or are simply unclear.

Current documentation is available here: [Premier Competition Rules and Regulations | Northern NSW Football](#)

Please submit your feedback — including any suggested wording or rationale for changes — by email to [Jason Avery](#) by **Friday, 31 October**.

This is your opportunity to raise issues that impacted you in 2025 and to suggest improvements for 2026. NNSWF will again prepare a summary of changes ahead of the 2026 season. We strongly encourage clubs to participate in this review process to help deliver the best possible outcomes for our premier competitions.

Regards,

Thom Kane
