

## 2016 National Youth Championships for Boys Parent Information

### Stadium Facilities

C.ex Coffs Harbour International Stadium is a first class sporting facility with a playing surface much larger than many other stadia in Australia. This playing surface accommodates two full size football fields inside the stadium, with spectators able to clearly view both fields from the main grandstand.

The quality of the C.ex Coffs International Stadium playing surface is a key feature of the venue, consistently attracting excellent reviews from players and coaches alike.

There are four team change rooms located underneath and on either side of the grandstand as well as a full sized change room for match officials.

A fully stocked canteen is located on the upper level of the grandstand, providing a large range of hot and cold food together with hot and cold drinks. 'Coffee Kick', located behind the grandstand, will also be in attendance specialising in coffees, tea, milkshakes and poffertjes (Dutch pancakes).

The stadium is located south of the Coffs Harbour central business district with travel times for most teams limited to 20 minutes or less. Ample parking is available for all teams and spectators.
