

Core skill: Running with the ball

Difficulty level ★☆☆

CATCH THE TAILS

Beginning activity

Players have bibs tucked into their shorts to form 'tails.'

Use role play where the players can be chickens and the hunters are foxes.

Players dribble around the grid avoiding the "hunter" who attempts to remove their tail.

Once players have their bib/ tail removed, they wear the bib and become a hunter.

The winner is the last player still having their tail.

Set up: In an area approximately 15m x 20m all players stand inside the area with a ball each.
