

Core skill: Striking the ball

Difficulty level ★★☆☆

# PASS WORLD RECORD

## Middle activity

Players form pairs with one ball between two and there is one or two defenders without a ball.

Pairs count how many passes they can complete to each other while the defender tries to intercept as many passes as possible.

Pairs reset their score when the ball is intercepted by the defender.

The defender cannot intercept passes from the same team twice in a row.

**Set up:** In an area approximately 30m by 20m, players have one ball between two.
