

Core skill: Striking the ball

Difficulty level ★☆☆

# ROBIN HOOD

## Middle activity

Players are divided into two teams as shown.

Players “steal” the balls from the other team’s zone and pass them along to their team to deposit them into their team’s zone or ‘bank’.

The team with the most footballs in their team’s zone when the coach calls time is the winner.

**Set up:** In an area approximately 10m by 8m. Divide the grid into two areas with a line of cones down the middle.

On each end there will be two square zones approximately 2m by 2m wide with balls placed inside both square zones.
